

MAINTENANCE SUPERVISOR (TRAINEE)

Location: Herndon, VA (Washington D.C. area)

Job Description: Looking for a very bright and ambitious person that wants to play an important role in our thriving residential landscaping company. Must have a strong desire to work in the field to learn our processes through hands-on training AND have the business aptitude to advance into a management position. This is an exciting opportunity learning the best maintenance techniques from a leader in the industry!

Job Duties:

- Work with the Maintenance Manager to maintain an open line of communication with clients
- Partner with the Maintenance Manager and Foreman to ensure customer expectations are being met
- Assist Maintenance Manager in meeting production goals and training maintenance crew
- Manage Plant Establishment Program (plant healthcare)
- Apply pesticides and fertilizers as necessary while managing the IPM program

Job Requirements:

- Degree in Agricultural Sciences, Horticulture, Landscape Contracting, Landscape Management, or related majors and some experience in the landscaping industry
- Virginia Commercial Pesticide Applicator License or the ability to obtain within 3 months of employment
- Excellent problem solving and organizational skills
- Ability to become proficient with trucks, equipment, and residential landscape maintenance
- Leadership experience
- Valid Driver's License

Compensation:

Top pay and benefits, including health insurance and retirement

Hidden Lane Residential Landscapes is a great company to work for:
